SoundFonts GM/GS

è un banco sound font di nuova realizzazione, prodotto grazie a minuziose ricerche nel web di ottimi sound font e nuovissimi campioni liberi da copyright. Inoltre ci siamo avvalsi di SF2 regolarmente acquistati con autorizzazione all'uso da parte del produttore ed altri prodotti da nostri collaboratori. Questa ultima versione è rivolta in modo particolare a musicisti, cantanti e amanti di home studio recording. Con questo ultimo lavoro, abbiamo ridotto gli strumenti GS poco utilizzati nelle basi midi dei migliori produttori, per lasciare più spazio a tutti gli strumenti GM dando la migliore qualità possibile.
