

GoldMidiSF2 Mega GM/GS SoundFont

List Instruments

Mega GM/GS SoundFont è un nuovissimo banco realizzato grazie a minuziose ricerche nel web di ottimi sound font e nuovi campioni, liberi da copyright ma anche regolarmente acquistati con autorizzazione all'uso da parte del produttore. Questa ultima versione è una accoppiata di veri campioni stereo con ambienti naturali acustici con l'aggiunta di maggiore dinamica ai vari strumenti, permettendo così ai midi files di riprodurre un suono vibrante ed energico combinato con la qualità professionale.

L'acquisto per mezzo di una donazione, permetterà un continuo investimento in tempo, ricerca e realizzazione da parte del gruppo GoldMidiSF2 di nuovi e sempre più reali soundfont da mettere a disposizioni per tutti gli appassionati del midifile e musicisti che ne fanno uso per le proprie esibizioni.
