

KETRON SD1000 GM SoundFont

KETRON SD1000 GM SoundFont represents an interesting addition to the list of GM soundfont bank created to date. In terms of compactness and musical performance, SoundFontStore, with its collaborators, wanted to make a GM| desk available to fans of KETRON sounds with the greatest number of instruments necessary for excellent reproduction of music files in MIDI GM and Kar format . The 16/24bit sampling also allowed us to get virtually closer to the wonderful KETRON SD1000 module, giving the certainty that MIDI playback will certainly be much better.

Features:
